RE: SB 88 Correspondence with Attorney General per RSA 91-A request

Attorney Dean:

I have searched my records and find no formal correspondence between myself and the Attorney General's Office concerning Senate Bill 88.

I have an independent recollection that I informed a member of that office by e-mail that I was meeting with State Senator Fenton Groen, along with several police chiefs, to discuss the matter, and that I wrote a follow-up e-mail about the meeting. I did not retain either of the e-mails, which were sent to Deputy Attorney General Ann Rice.

Very truly yours,

Thomas P. Velardi
Strafford County Attorney
